Subject: RE: EPA Contracting to bring water to San Juan communities

Good Afternoon:

My name is Robert Wise and I am the Federal On-Scene Coordinator liaison to the Gold King Mine Incident. I understand that your Navajo communities are in need of water due to the mine tailings spill. EPA is prepared to supply water. If your community needs replacement water due to the Gold King Mine tailings release please contact me immediately at the number listed below or by email. If you know of any other Navajo communities in a similar situation, please do not hesitate to forward this email to them.

Sincerely;

Robert Wise, CHMM, MSEnv.
Federal On-Scene Coordinator
USEPA Region 9 Emergency Response Section
562-889-2572

Robert thanks for the call. Commissioner Rebecca Benally, Sheriff Rick Eldredge and County Administrator Kelly Pherson are who you should contact for coordinating the water for the communities. I can't access the information for the other person you requested I will send that in a separate email.
